What we talked about

Everybody agreed that the minutes of the last meeting were correct.

New Logo

The Board chose this for its new logo.

It was drawn by Julie Pape.

It was made up from bits of 4 different designs by Board members.

They were Kay Riley, Marie Lobb, Mid-Cornwall Hub and Julie.

They all got vouchers for their work.

Everyone gave them all a round of applause.

Actions and Updates from members

Parent Carers Cornwall gave an update.

- They said that there should be more short breaks.
- They are worried about children not going to school because of anxiety.

School staff need to be trained to support students.

- People need to understand the dangers of online grooming.

It can even happen when gaming online.

The Women's Centre and the **Divas** gave an update.

- They want new people to join the Divas.
- The Channel 4 TV show Dispatches has an episode called Trapped, Disabled and Abused.

People that have been abused tell their stories about it.

- The Divas have helped to make a different film about telling the Police about sexual violence.

Cornwall People First told everyone about 2 projects.

- The Sunflower Project was to help people to talk about death, dying and loss.
- The Practice Partners Project was about making sure that your GP provides better services for patients with a learning disability.

The **Primary Care Team** gave an update.

- Everyone should get their Covid and Flu vaccines.
- Annual Health Checks are very important.

The team wants to find out why some people don't go for their check.

The Champs gave an update.

- Healthy Lifestyles Support drop-in sessions would start in the new year.
- The team was making a short film about the Safe Places scheme.
- Walking for Health groups helped you to keep fit.

You can also meet great new friends.

Healthy
Cornwall

Updates from Adult Social Care

Delivering Better Care

Cornwall Council wants to make sure that people get the care that is best for them.

To do that they will be asking you what services they need to provide.

Direct Payments

The Council want to make Direct Payments easier to use.

They want you to tell them how to do that.

They want you to join a meeting on 30 November.

Mike will send information

Health Update

Annual Health Checks

A lot of work was being done with **GPs** to get more people to have their Annual Health Check.

Out of Area Hospitals

Nobody had been put in a hospital out of Cornwall for over 3 years.

2 people were still in hospitals out of Cornwall.

Both had plans in place to return home.

Learning Disability Strategy

It is very important that Cornwall has a Learning Disability Strategy.

Events will be held and we need to hear your voice to help us to write it.

This Partnership Board will have a very important role to make sure that work gets done.

Developing the Partnership Board

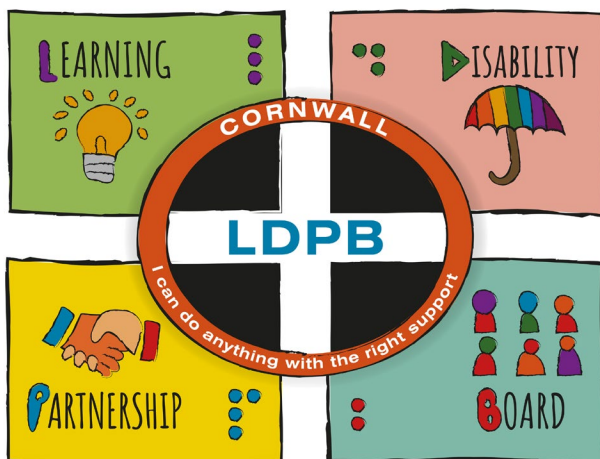

With help of Sam Clark from **Learning Disability England** we want to make this Partnership Board the best it can be.

Everyone said what they think is needed to do this.

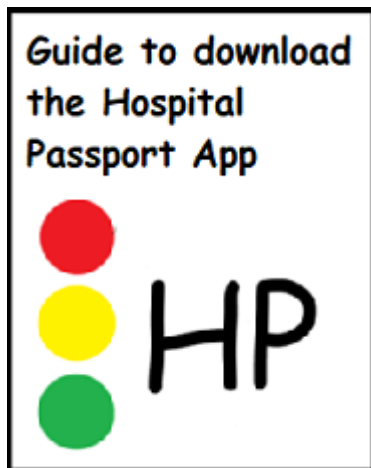

They said

- The Council and NHS need to listen to us.
- They need to keep to their promises.
- They need to use words that everyone understands.
- We like to meet face to face.
- Everyone has to have a voice.

Mike and Sam will organise a small group to lead on this work.

Any Other Business

Derriford Hospital has a new Hospital Passport app for people with a learning disability.

It looks the same as the paper one so is easy to understand.

The Champs gave a brilliant performance of their new song.

They want everyone to get their flu and Covid jabs.

Everyone gave them a big round of applause.

The next meeting will be in February 2023
